

# Individual Authorship Reports

**5-minute Lightning Talk for the 2021 MIRL Symposium**

Sarah Ellsworth, MLS

# Background

- Parkview Health Regional Medical Center
- Catch-22 process of getting department & individual involvement with IR
- Needed investment and better internal marketing

# Development

- Realizing that Dashboard was most interesting element in presentations
- Inspired by Repository Manager Certification Course
- Creating individual products for high content departments and individual authors.

# Parkview Research Repository Author & Readership Report for Dr. Neil Sharma

Compiled 3/23/2021 by Sarah Ellsworth, MLS Parkview Research Repository: <https://researchrepository.parkviewhealth.org>

Below is the summary [plumx](#) metrics and statistics for each publication. Please see Appendix for additional information.

## [Application of artificial intelligence in pancreaticobiliary diseases](#)

Authors: Hemant Goyal, Rupinder Mann, Zainab Gandhi, Abhilash Periseti, Zhongheng Zhang, et al.

Date: 02/2021

### Summary [Plumx](#) Metrics

- 6 Usage
- 4 Downloads
- 2 Abstract Views

### Readership Countries and Institution Type (Downloads)

100% Commercial

AMC Theatres 1

### 2 Countries

- China 4
- United States 2

## [COVID-19 and Acute Esophageal Obstruction Management in the Emergency Department: An U.S. multicenter research network propensity-matched analysis](#)

Authors: Hemant Goyal MD FACP, Abhilash Periseti MD FACP, Mahesh Gajendran MD MPH FACP, Aman Ali MD, Neil Sharma MD

Date: 01/2021

## Results from the first year

- **More work but HIGH satisfaction**
- **Increased interest created opportunities for investment**
- **Created one large report for the entire IR and posted it in Library Reports**

What I will  
improve this  
year

- **Standardize a template**
- **Include all publications first, then add statistics**
- **Consider one page Infograph with report appendix**
