January 2016

It is never too early to begin thinking about GW Research Day and beginning in January 2016, Himmelfarb Library will be sponsoring a series of Research Day

Workshops to help students through the process of putting together an effective abstract and poster presentation.

GW Research Day for the Health Sciences will be held on March 30th and students will be required to [submit their abstracts for consideration](#). These workshops are designed to help students of all levels with each step of the process; from writing an abstract to putting together an effective research poster and orally presenting their findings.

Whether you are currently working as a mentor or advisor to students on a research study or know students who are participating in a research project, please encourage them to sign-up for the following workshops:
