This Newsletter is brought to you for free and open access by the Himmelfarb Health Sciences Library at Health Sciences Research Commons. It has been accepted for inclusion in Himmelfarb Library Liaison Letters by an authorized administrator of Health Sciences Research Commons. For more information, please contact hsrc@gwu.edu.

January 2017

To help support research, Himmelfarb Library is hosting the Ramp Up for Research Day workshop series providing support for students participating in GW's Research Day. If you are working with students on a study please encourage them to attend.

- **Participate Virtually:** Option to attend all the workshops virtually via [GW WebEx](#). (We encourage distance students as well as any student whose schedule does not allow them to attend the on-campus workshop to sign-up via WebEx.)
- **Workshops Recorded:** Missed a workshop? No worries - all of the workshops will be recorded and posted to the [Library's Tutorial](#) page
- **NEW! Hands-On Feedback:** A new workshop allows students to stop by Himmelfarb and receive hands-on feedback on their posters.

Himmelfarb works together with the University Office of Research as well as the SMHS, SON and GWSPH to enhance student participation in the GW's annual Health Sciences Research Day. We are proud of our commitment to fostering a research environment to help engage and promote research to our students.

Please share the following workshops with your students:

WORKSHOPS [On-Campus / WebEx]	DATES
<p>An Overview of Effective Poster Content and Design</p> <p>Designing a poster can be challenging. Learn best practices on what content to include to effectively display your results, data and conclusions as well as common mistakes to avoid.</p>	<p>Date: 02/22/2017 Time: 12:00pm - 1:00pm [Register]</p>
