November 2020

With the end of the semester in sight, Himmelfarb Library would like to remind you of some of our resources and services that will help your students finish out the semester.

- **APA Guide** – Do your students need help with formatting citations and bibliographies in APA format? Consult our guide for APA 7th edition examples.
- **RefWorks** – Export citations from Himmelfarb databases into RefWorks; RefWorks will automatically format references – there are hundreds of citation styles available. Use RefWorks to format in-text citations too!
- **Tutorials** – Tutorials are available for many of the library databases, research tools, and software.
- **BrowZine** – Catch up on your reading by building a customized bookshelf of full-text journals from the library's collection. Browse specific journals and save articles too.
- **LibKey Nomad** – Find more full-text and find it faster! LibKey Nomad is a web browser extension that can connect you to articles in Himmelfarb's collection. The tool immediately delivers a PDF if available and will otherwise provide the Himmelfarb full-text and document delivery options.
- **Interlibrary Loan/Document Delivery** – Use this service if you or your students need to access the full-text of articles not available at Himmelfarb Library.

- **Consortium Loan Service** – Need to borrow books from our consortium library partners? You can request books and have them delivered to Himmelfarb within a few business days.
- **Consultations** – Himmelfarb librarians are available to schedule online consultations; we can provide assistance with literature searches, using RefWorks or Covidence, locating the full-text of journal articles, and much more.
