## February 2024

Himmelfarb Library has a great deal of resources and services available online, and whether you're a newer faculty or have been with GW for sometime, it may be helpful to familiarize yourself with Himmelfarb's collections and services. To help faculty become better acquainted with our website, we've designed an online scavenger hunt. Follow the clues below and fill out your answers in [this form](#) by March 1st for your chance to win a copy of *Legacy: A Black Physician Reckons with Racism in Medicine* by Uché Blackstock!

First, locate the Himmelfarb library site  
Where our resources are available all day and night.  
Now, please provide the URL: \_\_\_\_\_

We suggest bookmarking it as well.  
Popular resources are linked for you,  
But many more are available too.  
Click on All Databases, from A to Z.  
How many databases start with the letter C? \_\_\_\_

Conducting a systematic review can be tough,  
So work with a librarian who knows their stuff.  
We can help in many ways, as suits your preference,  
So contact us! What's the phone number to reach reference? \_\_\_\_

The librarians here create research guides  
That lists databases, books, and more besides.  
Find the obstetrics and gynecology guide, and if it meets your expectations,  
Give the ISBN of the first textbook listed under Foundations: \_\_\_\_

If you want a book or article that we don't own,  
Just request it through interlibrary loan!  
Find the guide about borrowing from other libraries.  
How many Docs2Go requests each year do you get for free? \_\_\_\_

Go to "Advanced Search" at the top right to find our special collections  
And then, if you don't have any objections,  
Look at Diversity in Dermatology, and tell me without doubt,  
How many books are in that set to check out? \_\_\_\_

Did you know that we have FAQs?  
Find the 'Himmelfarb Answers' list and you can peruse.  
You'll see several questions listed there.  
The most popular question is about what citation software? \_\_\_\_

If you're teaching, you might want to place an item on reserve  
So students in the class are ensured the access they deserve.  
On our homepage, look at the three tabs at the top and find out:  
Is the information on Course Reserves under 'Resources,' 'Services,' or 'About'? \_\_\_\_

*You should now have 8 answers. Submit your answers in [this form](#) by March 1st for your chance to win!*
